

Alborz Manufacturing Site:

- 10 production lines and GMP certificated
- Manufacturing and (non- narcotice , narcotic APIs) and (Finished , Semi Finished products)
- Producing LVHV and High-Tech products
- Having a Acrodite laboratory
- Solvent recovery system

WE THINK OF WORLD CLASS QUALITY

Termod

- Active Pharmaceutical Ingredients
- Pellet Forms
- Pharmaceutical Intermediates
- Finished Dosage Forms

About Temad Co.

TemadCo, (Active Pharmaceutical Ingredients), is member of TaminPharmaceutical Investment Company (**TPICO**) from SSIC SHASTA Group. Temad Co. Active Pharmaceutical Ingredients manufacturer, was established in 1980 as one of the largest producers of APIs in Iran and an innovative manufacturer of Narcotics and Non-Narcotics of world class quality in the Middle East. Apart from compliance with Iranian GMP regulations, Temad Co has acquired the national and international standards of API's manufacturing such as ISO 9001, ISO14001, ISO 45001 and Food & Drug Administration with certifying bodies in Europe, is also anticipating the CEP certificate from European organization. Temad Co. is one of a pioneer pharmaceutical manufacturing company that is using its own qualified raw materials in finished dosage form manufacturing lines. At present, the company has 21 production lines and more than 115 pharmaceutical products including narcotics and general APIs in different forms such as DC grade API, pellets and non-sterile injectable grade. Temad Co. as knowledge-based company and prominent national exporter in 2022 has employed 570 experienced, committed and responsible human resources to fulfill long term and high attitude approaches.

Manufacturing Facilities

• Alborz Manufacturing Site

Alborz manufacturing site is located in an industrial zone 28th km of the capital, Alborz, in a total area of about 4.2 hectare. This area includes production sites of 7170 m² a warehouse is of 3450 m² and an administrative and laboratory area of 4450 m². Temad facilities include high quality equipment with large capacity (more than 300,000 L) glass-lines, stainless steel reactors and distillation units.

• Mashhad Manufacturing Site

Mashhad manufacturing site is located in the 3rd km of Mashhad-Fariman road in Khorasan Razavi province in total area of about 11 Hectares. Total capacity of Mashhad Temad facilities is about 150,000 L glass lined, stainless steel reactors and distillation units.

Mashhad's site, an API's division of Temad, is the highly privileged producer of Paracetamol Powder and DC by employing high quality and experienced staff which not only has brought customer satisfaction in the local market but also exports its products to the international markets

• Quality Control

The quality control laboratory is equipped with the most advanced chemical analysis and identification apparatuses and equipments, which include HPLC, GC, FT-IR, Spectrophotometer, UV-VIS, IMS, Atomic Absorption, TLC Scanner and Laser Particle Size Analyzer. Stringent quality control procedures ensure products of the highest quality as an obligation to the customers.

GMP CERTIFICATE

Manufacturer : TEMAD Co. (Active Pharmaceutical Ingredients)

Address : Iran, Mashhad, The 3rd Km of Fariman road, TEMAD Co.

Production Line: Production unit 1 (Acetaminophen)

This is to certify that above-mentioned production line was duly inspected and approved in accordance with Good Manufacturing Practice Principles for active pharmaceutical ingredients which are currently in force in the LR of Iran.

The manufacturer plant is subject to regular GMP inspections based on PIC/S regulations (at suitable intervals) by the Iranian Food and Drug Administration.

The production Unit 1 is in compliance with the cGMP/GMP standards and relevant principles and regulations of the P...

WRITTEN CONFIRMATION

Written confirmation for active substances reported to the European Union (EU) for medicinal products for human use, in accordance with Article 46b(2)(b) of Directive 2001/83/EC

1. Name and address of site (including building number, where applicable):
TEMAD Active Pharmaceutical Ingredients Co., 28th km of Karaj Mahdous Road, Tehran, Iran.
2. Manufacturer's license number(s):
۹۰.۰۰.۰۰۰.۰۰۰

REGARDING THE MANUFACTURING PLANT UNDER THE FOLLOWING ACTIVE SUBSTANCES) EXPORTED TO THE EU FOR MEDICINAL PRODUCTS FOR HUMAN USE

Active substance(s):	Activity(ies):
Noncaspine Hydrochloride	Extraction, Chemical synthesis, purification

THE ISSUING REGULATORY AUTHORITY HEREBY CONFIRMS THAT:
The principles of good manufacturing practice (GMP) applied to this manufacturing plant are Pharmaceutical Inspection Co-operation Scheme Guide to Good Manufacturing Practice (PIC-S) for medicinal products PART II (= GMP of WHOICH Q7);
The manufacturing plant is subject to regular, strict and transparent controls and to the effective enforcement of good manufacturing practice, including repeated and unannounced inspections, so as to ensure a protection of public health at least equivalent to that in the EU; and
In the event of findings related to non-compliance, information on such findings is supplied by the exporting third country without delay to the EU.

Date of inspection of the plant under (1):
July 2017
This written confirmation remains valid until:
One year from the date of issue
The authenticity of this written confirmation may be verified with the issuing regulatory authority.

Address of the issuing regulatory authority:
Division of Pharmaceutical and Narcotic Affairs of Ministry of Health
Food and Drug Adm.

Active Pharmaceutical Ingredients (API)

Nervous system						
Analgesic						
Opioids						
Item	APIs	Cas No	Indication	Available forms	Status	Method of Analysis
1	Buprenorphine Hydrochloride	53152-21-9	Opioid addiction treatment	API powder	Available	BP
2	Morphine Sulfate	6211-15-0	Chronic, moderate to severe pain management	API powder	Available	USP,BP
3	Morphine Hydrochloride	52-26-6	Chronic, moderate to severe pain management	API powder	Available	BP
4	Hydrocodone Bitartrate	34195-34-1	Moderate to severe pain management	API powder	Available	USP,BP
5	Codeine Phosphate	41444-62-6	Mild to moderate pain management	API powder	Available	USP,BP
6	Tramadol Hydrochloride	36282-47-0	Moderate to moderately severe pain management	API powder	Available	JP,BP
7	Thebaine	115-37-7	Intermediate	powder	Available	In-House
8	Noscapine Hydrochloride	912-60-7	Antitussive	API powder	Available	BP , JP
9	Noscapine Base	128-62-1	Antitussive	API powder	Available	JP , USP,BP
10	Papaverine Hydrochloride	61-25-6	Smooth muscle spasm and cerebral and peripheral ischemia associated with arterial spasm treatment	API powder	Available	USP,BP
11	Oxycodone Hydrochloride	124-90-3	Moderate to severe pain management	API powder	Available on order	USP
Drugs used in Addictive Disorders						
Opioid Antagonists						
1	Naltrexone Hydrochloride	16676-29-2	Alcohol dependence and opioid addiction management	API powder	Available	USP
2	Naltrexone Base	16590-41-3	Alcohol dependence and opioid addiction management	API powder	Available	In-House
3	Naloxone Hydrochloride	51481-60-8	Reversal of opioid depression, including respiratory depression	API powder	Available on order	USP
4	Methadone Hydrochloride	1095-90-5	Severe pain management, Opioid addiction treatment	API powder	Available	USP,BP

Other Analgesics and Antipyretics

Item	API's	Cas No	Indication	Available forms	Status	Method of Analysis
1	Paracetamol (Acetaminophen)	103-90-2	Analgesic and antipyretic	API powder/DC 96%/DC 90%/ Inj. (none steril)grade	Available	USP/In-House/In-House/USP
2	Aspirin (Acetylsalicylic Acid)	50-78-2	Treatment of pain, fever, inflammation, migraines, and reducing the risk of major adverse cardiovascular events	API powder/API crystal form/Granules	Available	BP

Antidepressants

1	Fluoxetine Hydrochloride	56296-78-7	Major depressive disorder treatment	API powder	Available	USP
2	Fluvoxamine Maleate	61718-82-9	Obsessive compulsive disorder (OCD) treatment	API powder	Available	BP

Antipsychotics

1	Quetiapine Hemifumarate	111974-72-2	Bipolar disorder and schizophrenia treatment	API powder	Available	USP
2	Risperidone	106266-06-2	Schizophrenia, autistic disorder, acute mania and bipolar disorder treatment	API powder	Available on order	BP

Antiepileptics

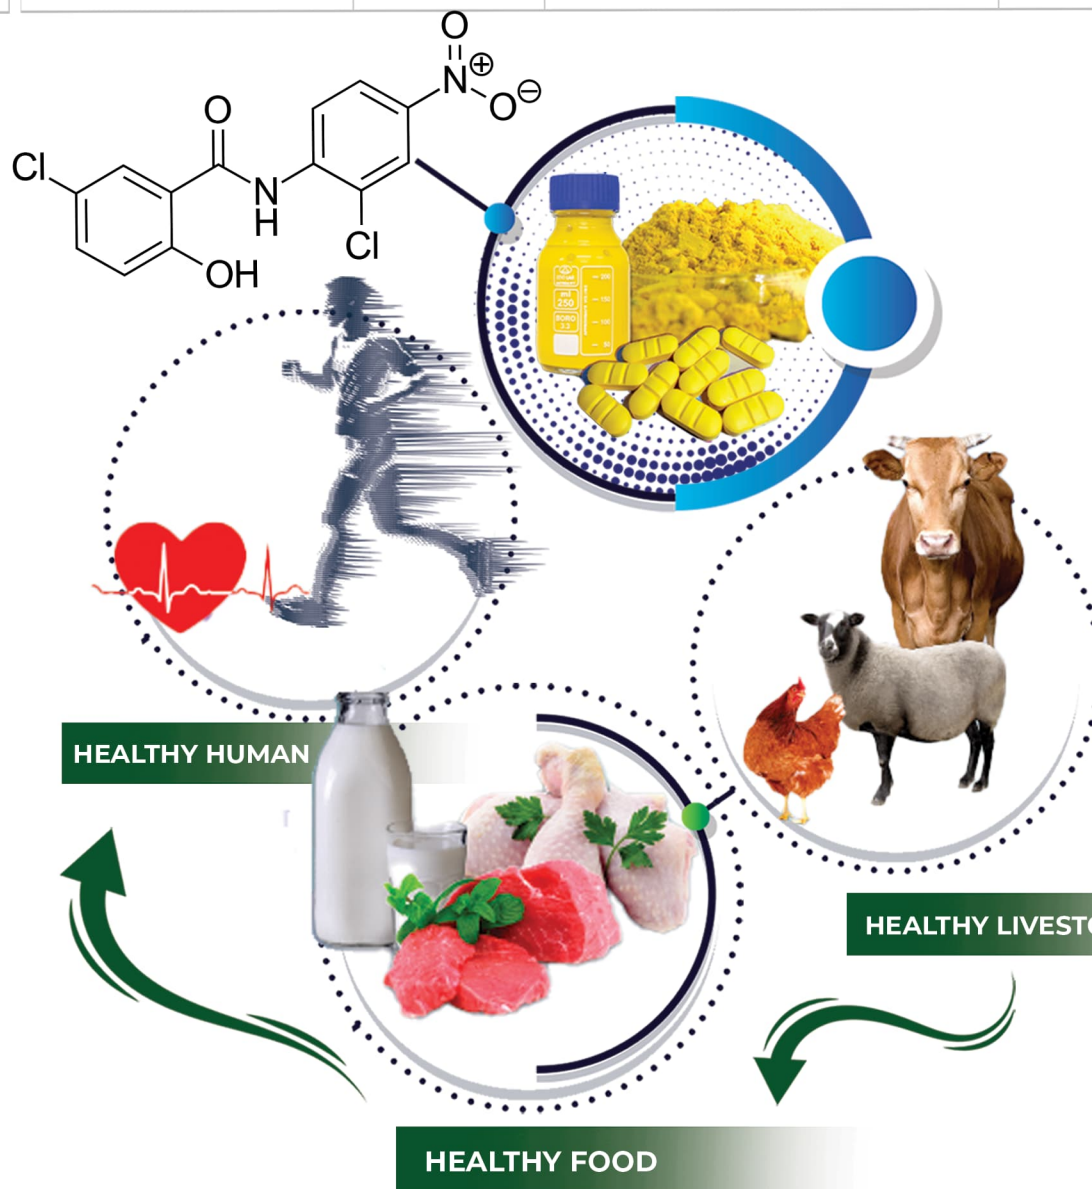

1	Pregabalin	148553-50-8	Neuropathic pain treatment, and partial-onset seizures management	API powder	Available	BP
---	------------	-------------	---	------------	-----------	----

Other Nervous System Drugs

1	Dextromethorphan Hydrobromide	6700-34-1	Cough suppressant	API powder	API powder	USP
---	-------------------------------	-----------	-------------------	------------	------------	-----

Veterinary Medicine

API (Product List)	Under Development			
	FINISHED PRODUCT	Drug Class/Group	Composition (Each ML Contains)	PACKAGING
Aspirin	Suitable powder	Anti Inflammatory	250 mg Acetyl Salicylic Acid	Bag in Drums
Enrofloxacin	Oral Solution 10% Injectable Solution 5% & 10%	Antibiotic	50 mg in injection & 100 mg in oral	Vial 50 ml & Oral Pet
Florfenicol	Oral Solution 10% Injectable Solution 30% & Powder 50%	Antibiotic	100 mg in oral & 500 mg in powder & 300 mg injection	Injection Vial 50 ml & Oral Pet
Nicosamide Piperazine	Oral Suspension 1250 mg in Blister as Tablet	Anti Helminthic	1250 mg in tablet & 200 mg in oral suspension	10 Blister in Box
Dexamethasone Phosphate	Injectable Solution	Anti Inflammatory	2.63 mg in Injectable solution	Injection Vial 100 ml

Cardiovascular System

Lipid Modifying Agents

Item	API's	Cas No	Indication	Available forms	Status	Method of Analysis
1	Atorvastatin Calcium	134523-03-8	Dyslipidemia treatment	API powder	Available	USP
2	Rosuvastatin Calcium	147098-20-2	Triglyceridemia, Primary Dysbetalipoproteinemia, and Homozygous Familial Hypercholesterolemia treatment	API powder	Under Development	BP

Antihypertensives

1	Prazosin Hydrochloride	19237-84-4	Hypertension treatment	API powder	Available on order	USP,BP
---	------------------------	------------	------------------------	------------	--------------------	--------

Genito Urinary System and Sex Hormones

Urological Drugs

1	Dapoxetine Hydrochloride	129938-20-1	Premature ejaculation treatment	API powder / Pellets	Available	In-House
---	--------------------------	-------------	---------------------------------	----------------------	-----------	----------

Drugs Used in Benign Prostatic Hypertrophy

1	Tamsulosin Hydrochloride	106463-17-6	Benign prostatic hyperplasia treatment	API powder/pellets	Available on order	BP, USP
---	--------------------------	-------------	--	--------------------	--------------------	---------

Antiandrogens

1	Cyproterone Acetate	427-51-0	Male hyper sexuality in males treatment, palliative therapy in prostatic carcinoma, and in combination with estrogen, therapy of severe acne and hirsutism in females	API powder	Available	BP
---	---------------------	----------	---	------------	-----------	----

Alimentary Tract and Metabolism

Drugs Used in Diabetes

Blood glucose lowering drugs

1	Metformin	657-24-9	Antidiabetic agent, management of antipsychotic-induced weight gain, type 2 diabetes prevention, and the treatment and prevention of polycystic ovary syndrome (PCOS)	API powder/DC 95%	Available	USP
2	Metformin Hydrochloride	1115-70-4	Antidiabetic agent	Micronized powder	Available	USP
3	Pioglitazone Hydrochloride	112529-15-4	Antihyperglycemic	API powder	Available	USP
4	Sitagliptin Phosphate Monohydrate	654671-77-9	Dipeptidyl peptidase-4 (DPP-4) inhibitor, improves glycemic control in patients with type 2 diabetes mellitus	API powder	Under Development	USP

Vitamins

Item	API's	Cas No	Indication	Available forms	Status	Method of Analysis
------	-------	--------	------------	-----------------	--------	--------------------

1	Thiamine Hydrochloride (vitamin B1)	67-03-8	Beriberi, Wernicke Encephalopathy and Thiamin Deficiency treatment	API powder / Inj. (none steril) Grade	Available	EP, BP
---	-------------------------------------	---------	--	---------------------------------------	-----------	--------

Anti-infective for Systemic Use

Antibacterial

Fluoroquinolones

1	Ofloxacin	82419-36-1	Mild to moderate infection treatment	API powder	Available	USP
2	Ciprofloxacin Hydrochloride	93107-08-5	Various infections treatment	API powder / Inj. (none steril) Grade	Available	USP
3	Ciprofloxacin Base	85721-33-1	Various infections treatment	API powder / Inj. (none steril) Grade	Available	USP
4	Levofloxacin	100986-85-4	Various infections treatment	API powder / Micronized powder/Inj. (none steril) Grade	Available	USP

Macrolides

1	Erythromycin Ethylsuccinate	1264-62-6	Various infections treatment	API powder	Available on order	EP
2	Clarithromycin	81103-11-9	Various infections treatment	API powder/Inj. (none steril) Grade	Available on Order	EP, BP

Antivirals

1	Acyclovir	59277-89-3	Herpes zoster, genital herpes, and chickenpox treatment	API powder	Available on Order	USP
---	-----------	------------	---	------------	--------------------	-----

Antiparasitic products

Antiprotozoals

Antimalarias

1	Hydroxychloroquine Sulfate	747-36-4	Uncomplicated malaria, rheumatoid arthritis, chronic discoid lupus erythematosus, and systemic lupus erythematosus treatment	API powder	Available	USP
---	----------------------------	----------	--	------------	-----------	-----

Musculo-skeletal System

Anti-inflammatory and Antirheumatic

Coxicbs

1	Celecoxib	169590-42-5	Osteoarthritis (OA) and rheumatoid arthritis (RA) management	API powder	Available	USP
---	-----------	-------------	--	------------	-----------	-----

Respiratory System

Antihistamines for systemic use

1	Ketotifen Fumarate	34580-14-8	Atopic asthma, various allergic symptoms and disorders treatment	API powder	Available	BP
---	--------------------	------------	--	------------	-----------	----

Research & Development(R&D)

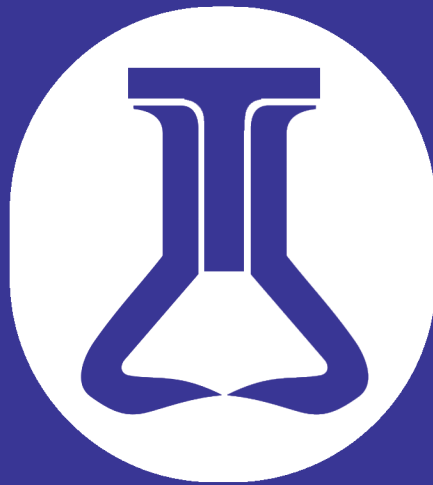

Our R&D team consists of highly qualified experts and postgraduates specializing in various fields of pharmaceuticals and basic sciences. They utilize intricate chemistry processes to generate multi-step intermediates and active pharmaceutical ingredients, encompassing hazardous, narcotic, and non-narcotic Active pharmaceutical ingredients(APIs). Our objective is to introduce affordable and innovative pharmaceutical technologies to both domestic and international markets.

Moreover, our R&D team excels in the production of both semi-finished products, including (pellets, and DC granules) and finish products (various pharmaceutical forms) in accordance with cutting-edge global standards.

Their expertise lies in creating technical knowledge in the production of active pharmaceutical ingredients. The research team excels in multiple reaction types including:

- Coupling reactions
- Reduction
- Oxidation
- Grignard reactions
- N-alkylation
- O-alkylation
- Enantiomers Separation
- Cyclization
- N- demethylation and etc.

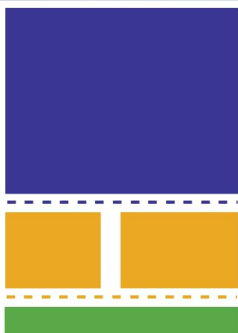

Temad

SYMBOL OF TRUST

WE THINK OF WORLD CLASS QUALITY

Temad Factory

Mashhad Manufacturing Site:

- 11 production lines and GMP certificated
- 4000 MT production capacity for non-narcotic API annually
- The land with an area of 10 hectares
- The biggest manufacturer of human and veterinary APIs
- Non-sterile injectable APIs and Semi-Finished
